

## 2022 - 2023 b.boppers

### Overview

New this season! Our dance team consists of four team programs composed of students who are chosen to represent Studio b: b.boppers, b.boys, Spotlight and Competition Team.

### Team Goal/Objective

The goal of the Studio b b.boppers is to provide a performance group for dancers ages 4 - 6 looking for a fun team experience, while providing an introduction to our competition team program. Dancers will work on developing technique, performance and dance skills in a supportive, inclusive setting. We are looking for dancers with positive attitudes, great work ethics and exemplary class etiquette.

### Team Structure and Required Time Commitment Expectations

New this season! Our dance team consists of four team programs composed of students who are chosen to represent Studio b: b.boppers, b.boys, Spotlight and Competition Team. Those selected for the b.boppers team will have **one required weekly class**. Attendance must be a priority.

### 2022 - 2023 b.boppers Season Commitment Expectations

When a student auditions for the team, it is expected that they are planning to make a commitment to the b.boppers for the entire season. We will begin planning for the season right away. If we expect to give our best at performances and competition, we need to have our full team working together for the entire season.

### Summer Camp

The b.boppers will kick off their season with a team summer camp at Studio b Monday, July 25th & Wednesday, July 27th. Communicate any scheduling issues with Miss Kelsey immediately (prior to auditions).

### Required Weekly Classes and Routines

Weekly team classes will begin with the start of the 2022 fall session on August 14th. We anticipate that dancers will receive their assigned class schedule for the 2022-2023 season on or around July 1st.

Enrolling in additional dance classes is encouraged as part of the team commitment. **Each b.bopper team member will be offered a 15% discount on any additional classes beyond the required team classes – we highly recommend additional ballet, leaps & turns, and acro technique classes.**

### Competition

Our b.boppers will attend one local Regional competition (in the Indianapolis area). More details will be available as competition companies announce their dates and locations. All team members are required to participate in the team competition. Once we determine the competition date(s), please block out all dates in your schedule.
